Provider Spotlight!

April Leonard is our very talented Nurse Practitioner! April grew up in Assaria, KS, and graduated from Southeast of Salina. She then went to Friends University where she played softball and volleyball. She went on to get her Bachelor of Science in Nursing Degree and started her first nursing job at Salina Regional Health Center where she worked in the Intensive Care unit for 9 years!

After working in the ICU for 7 years, she planned to go back to school to get her Nurse Practitioner degree. She went on to complete the FNP Program through Chamberlain University.

April is married and has three adorable boys. Most days April is busy playing with her kids, running, going for bike rides, or watching TV shows with family. You could also find her rooting for college football! Her husband is a coach at a local college!

April has worked with Dr. Lucaci in the past and looks forward to getting the opportunity to work with him again to provide resources for the surrounding community. She specializes in Bioidentical Hormone Pellet Therapy, Weight Loss Management, and Women's Pelvic Floor Wellness!

Product of the Month

Do you suffer from dry skin? Triple Lipid Restore is one of our most popular Skinceuticals products! Triple Lipid Restore 2:4:2 is an anti-aging cream that contains the optimal and patented lipid ratio of 2% pure ceramides 1 and 3, 4% natural cholesterol, and 2% fatty acids, which is proven to nourish skin and correct signs of aging. This unique lipid correction cream contains the first 2:4:2 cholesterol-dominant ratio to help restore skin's external barrier and support natural self-repair, while potently nourishing aging skin for improvement in the visible appearance of skin smoothness, laxity, pores, and overall radiance.
