

# WHAT'S HAPPENING AT 785

AESTHETIC MED SPA

Summer break is coming to an end! Which means cooler days are ahead. Which is the perfect time of year to get your Lumecca IPL treatment! IPL stands for "Intense Pulse Light" therapy. It treats age spots/sun spots, and gives you glowing, and more youthful looking skin! We recommend starting your IPL treatments in October.

### Quarterly Sales Event

It's that time again! We've scheduled our quarterly sales event and if you've received an invitation, make sure you RSVP! We're rolling out so many great deals that evening, only!

Sales Event's are by invite only, and we host them every quarter. All med spa members are invited and then we invite 25 patients at random! We serve a light dinner, with refreshments, and have raffle giveaways. Our feature treatment packages include Liposuction, and FaceTite, but we will have other specials on products and services as well!

## Staff Spotlight!

Staci was born and raised in Salina, KS. After graduating high school, Staci attended Salina Technical College and became a certified dental assistant. Staci began her career with Dr. Lucaci in 2015 as the office manager for his oral surgery practice, Oral, Facial, and Implant Surgery Salina. Today, Staci happily assists patients as the practice manager and marketing director at 785 Aesthetic Med Spa. She loves the opportunity to help patients reveal the best version of themselves and renew their confidence.

Staci is the proud mother of three beautiful daughters and two fur babies, a cat and a dog. She is newly engaged to her fiancé Kiefer, and is planning a wedding for next spring! Outside of work, Staci's hobbies include reading, traveling, and spending time with her family. In the summer, Staci and her daughters' favorite place to be is lakeside.

## Product of the Month

A hydrating facial mist that is clinically proven to strengthen the skin's barrier and immediately reduce visible redness. A botanical blend of cucumber, thyme, olive leaf, and rosemary extracts soothes and calms the skin, while a 6.2% blend of hyaluronic acid and glycerin helps draw and retain water in the skin. This friction-free facial mist is easy to layer, complements every regimen, and can be reapplied throughout the day, even over makeup, for all-day hydration.

### BENEFITS:

- Immediately reduces visible redness by 31%
- Delivers immediate and all-day hydration
- Soothes and hydrates sensitive skin
- Clinically proven to reduce visible redness post-laser
- Hygienic, touchless format
- Paraben-, alcohol-, gluten-, and silicone-free
- TSA Approved

**SKIN TYPES:** Dry, Normal, Oily, Combination, Sensitive

**SKIN CONCERN:** Dehydrated, Sensitized Skin, Acne-prone, Aging skin
