## Skin Cancer Awareness Month

### Skin Cancer: Types and Causes

Are you aware that skin cancer is the most common form of cancer globally? Although not all types of skin cancer are related to UV light exposure from the sun or tanning beds, the majority of cases are attributed to this factor. The three primary forms of skin cancer include basal cell carcinoma (BCC), squamous cell carcinoma (SCC), and melanoma. This May, we're offering a 20% discount on all SkinCeutical's sunscreen products.

## Salina Women's Fair, May 9

Join us at the Tony's Events Center on May 9 for the Salina Women's Fair! A remarkable evening awaits the ladies in the form of a plethora of local vendors, live music, exquisite cuisine, and drinks. We're thrilled to be a part of this event for the third consecutive year, and we can't wait to see you there!
