PRODUCT OF THE MONTH

Peptide-powered P-TIOX serum mimics anti-wrinkle neurotoxin effects, reducing 9 types of expression lines and enhancing skin radiance. Formulated with a potent peptide complex and synergistic actives like polyhydroxy acid, niacinamide, and laminaria extract, it visibly corrects wrinkles and improves skin texture and radiance within a week.

R&R SUMMER COOL OFF TREATMENT

Pamper yourself with a personalized cooling facial treatment and reinvigorate your body with an IV infusion for just \$199! This exclusive offer is available until the end of August. Secure your appointment by dialing 785-246-7125 and requesting the R&R Summer treatment.

MEDICAL WEIGHT LOSS

Struggling to shed those extra pounds? Our supervised weight-loss program can assist you in reaching your goals safely and efficiently. Here's how our program operates:

- Consultation and Full Panel Labs: Initially, we will arrange for your labs with one of our Registered Nurses. Following this, you will have a consultation with our Medical Director, Dr. Patrick Lucaci, DDS, MD, to review your lab results and assess your eligibility for weight loss medication.
- Personalized Plan: Receive a customized weight loss plan featuring dietary advice, exercise suggestions, lifestyle support, and medication.
- Ongoing Support: Regular check-ins to track progress, tweak the plan when necessary, and provide encouragement.

Medications Utilized:

- Semaglutide: An FDA-approved medication originally for managing type 2 Diabetes, it aids in significant weight loss by curbing appetite and promoting a feeling of fullness.
- Tirzepatide: This innovative medication combines GLP-1 and GIP effects, delivering improved appetite suppression and weight loss outcomes.

Advantages of Our Weight Loss Program:

- Clinically Proven: Studies indicate substantial weight loss among Semaglutide and Tirzepatide users.
- Appetite Control: Reduces hunger pangs and manages cravings.
- Sustainable Results: When coupled with a healthy lifestyle, these medications can lead to long-term weight loss success.

Medical Supervision: Our program ensures you are under the guidance and monitoring of medical experts.

MORPHEUS8

BOOST COLLAGEN

SCAR TREATMENT

TISSUE REMODELING

SKIN TIGHTENING

SMOOTH SKIN

INMODE

Morpheus8 stands as a cutting-edge solution for revitalizing your facial aesthetics, offering a myriad of advantages:

- By stimulating the natural production of collagen, Morpheus8 enhances skin vitality.
- Morpheus8 effectively reduces the visibility of wrinkles and fine lines.
- This procedure targets fatty tissue, concurrently tightening the skin to deliver a contoured look.
- Being minimally invasive, Morpheus8 obviates the need for anesthesia or surgical incisions.
- With a brief duration of typically under an hour, the procedure is time-efficient.
- Post-treatment recovery is minimal, with common side effects limited to temporary redness and skin texture alterations.

BOOK YOUR FREE MORPHEUS8 CONSULTATION TODAY BY DIALING 785-246-7125. ACT FAST, AS COMPLIMENTARY CONSULTATIONS ARE AVAILABLE FOR A LIMITED TIME!
