GLOW THROUGH THE SEASON WITH 785 MED SPA

Fall is the perfect time to give your skin and body a season refresh! As the weather cools, your skin needs extra hydration and care. At 785 Med Spa, we're here to help you transition smoothly into autumn with glowing skin.

Spotlight Treatment: IPL Photofacial

As the summer sun fades, many of us notice the little reminders it left behind – sunspots, freckles, redness, or uneven skin tone. Fall is the perfect season to treat your skin and restore a fresh, radiant glow with an IPL Photofacial.

What is IPL?

IPL stands for Intense Pulsed Light. This gentle, non-invasive treatment uses light energy to target unwanted pigment and redness beneath the skin's surface. Over time, those dark spots, sun damage, and broken capillaries fade, leaving behind a smoother, more even complexion.

Benefits of IPL Photofacials:

- Fades sunspots, freckles & hyperpigmentation
- Reduces redness and broken capillaries
- Improves skin texture & clarity
- Stimulates collagen for youthful, glowing skin

Why Fall is the Best Time to Start:

After months of sun exposure, your skin needs repair and renewal. With less sun in the cooler months, you'll get the best—and safest—results from IPL treatments. A series of sessions can have you glowing by the holidays!

Say Goodbye to Stubborn Fat – A New Treatment is Here in Salina!

We all know the frustration – despite healthy eating and regular exercise, certain areas of fat just don't seem to budge. These "trouble zones" are common and completely normal, but now there's a new way to target them safely, effectively, and without surgery.

We're excited to announce that QuantumRF is now available at 785 Med Spa in Salina! This advanced, non-invasive treatment is designed to reduce stubborn fat in areas like the abdomen, flanks, thighs, and more – helping you sculpt a smoother, more confident silhouette.

Why Patients Love This Treatment:

Targets stubborn fat that diet and exercise can't touch

Non-surgical & little to no downtime

Safe, effective, and clinically proven results

Treatments are quick and comfortable
